AVAILABLE FROM: JANUARY 15, 2027

**New
Planter!**

MODO Color 18, 21, 28 and 35

May vary from images shown

PRODUCT DESCRIPTION

More planting volume, more growth potential

MODO Color expands the LECHUZA range with a contemporary planter series featuring a modern design language. The new cylindrical shape offers generous planting volume, ideal for large root balls.

The newly developed flat supply shaft without a cover makes filling easier and provides a wide planting radius. The silk-matt Color finish blends harmoniously into the existing assortment and is complemented by the new trend color olive green. MODO Color is equipped with the original LECHUZA watering system and, thanks to the drain plug, is suitable for both indoor and outdoor use.

Available in four sizes and four colors.

Quality Made in Germany.

PRODUCT BENEFITS

- New design language accommodates large root balls
- Includes the original LECHUZA irrigation system
- Generous planting volume thanks to the flat water-filling shaft
- New trend color: olive green
- Suitable for indoor and outdoor use, with drain plug
- High-quality plastic: shatterproof and weather-resistant

YOUR BENEFITS

- Silk-matt Color finish that blends seamlessly into the existing assortment
- LECHUZA quality ensures customer satisfaction and repeat purchases
- Quality made in Germany

CUBICO COLOR 40 DEEP-ROOTED

AVAILABLE FROM: JANUARY 15, 2027

With an irrigation system designed specifically for deep-rooted plants!

May vary from images shown

CUBICO Color 40 deep-rooted

PRODUCT DESCRIPTION

The New Version for Deep-Rooted Plants

The popular CUBICO Color 40 planter is now also available for deep-rooted plants, expanding the Color range with a new planting concept. The planter features a separator that forms the integrated water reservoir inside the planter, as well as an extra-long supply shaft for easy refilling. Thanks to its generous planting volume, CUBICO Color 40 deep-rooted is particularly suitable for roses, hydrangeas, lavender, palms, and other plant species with deep root systems. The integrated LECHUZA irrigation system ensures a reliable water supply, while the drain plug allows excess rainwater to drain away safely.

By specializing in deep-rooted plants, CUBICO Color 40 deep-rooted offers strong selling arguments and creates additional purchase incentives for garden and patio areas. Available exclusively in size 40 with a silk-matt Color finish and in four colors.

Quality Made in Germany.

PRODUCT BENEFITS

- New solution specifically designed for deep-rooted plants such as roses and hydrangeas
- Extension of the popular CUBICO Color series
- Includes the original LECHUZA irrigation system
- Suitable for indoor and outdoor use, with drain plug
- High-quality plastic: shatterproof and weather-resistant

YOUR BENEFITS

- Creates new sales opportunities in the garden and patio segment
- Expands the range's expertise in deep-rooted plants
- LECHUZA quality ensures customer satisfaction and repeat purchases
- Quality made in Germany

NOTE: Available only as a complete set. The separator is compatible exclusively with CUBICO Color 40 deep-rooted.

CUBE Color 50

PRODUCT DESCRIPTION

The modern plant cube with a satin-matte finish in a new size

Following the successful launch of the CUBE Color in sizes 30 and 40, it quickly became clear that there was high demand for a larger version. The ongoing success of the newly introduced CLASSICO Color 50 confirms this potential. That's why the popular CUBE Color planter with a satin-matte finish will also be available in size 50 starting in April 2027.

The timeless design and classic cube shape make CUBE Color a true all-rounder. Thanks to the removable plant liner made of recycled plastic with retractable handles, changing the plants is a breeze. The proven LECHUZA irrigation system ensures a reliable water supply. We also offer matching coasters for sizes 40 and 50. With the CUBE Color, you benefit from the strong demand for the successful CUBE series and expand your product range with an attractive size featuring a high-quality, satin-matte finish - ideal for both indoor and outdoor use.

Quality Made in Germany.

PRODUCT BENEFITS

- Planter with a classic, modern design and a satin-matte finish
- Suitable for plants with large root systems
- Features a removable plant liner
- Includes the original LECHUZA irrigation system
- Suitable for indoor and outdoor use, with drain plug
- High-quality plastic: shatterproof and weather-resistant

YOUR BENEFITS

- The wide range of possible combinations (e.g., with other planters or coasters) encourages repeat purchases
- Appeals to a broad target audience thanks to its timeless design
- LECHUZA quality ensures customer satisfaction and repeat purchases
- Quality made in Germany

PALO NATURAL WOOD 55 LOW + 35 ALTO

AVAILABLE FROM: JANUARY 15, 2027

PALO 55 low, PALO 35 alto
and Coaster PALO 47

May vary from images shown

PRODUCT DESCRIPTION

Rooted in Nature

Since its launch, PALO Natural Wood has grown increasingly popular thanks to its surface made of solid eucalyptus wood. As a result, the collection is now being expanded to include a new 55 cm planter cube with a matching coaster, as well as a tall, slim planter with a width of 35 cm.

The wood is specially prepared for both indoor and outdoor use. In addition, PALO is FSC®-certified (Forest Stewardship Council®), ensuring sustainable forest management. Inside, the proven LECHUZA plant liner with retractable handles is made from recycled plastic, making planting and maintenance particularly easy. At the same time, the integrated original LECHUZA irrigation system provides reliable watering.

The series is available as a planter cube, planter column, and a large room divider. PALO can be complemented with matching coasters.

PRODUCT BENEFITS

- High-quality planter made of solid eucalyptus wood
- FSC® certification for more sustainable forest management
- Suitable for indoor and outdoor use - premium quality and excellent craftsmanship
- Liner made of high-quality plastic
- Includes the original LECHUZA irrigation system
- Matching coasters available as an option

YOUR BENEFITS

- Expansion of the assortment with a well-established innovation
- Integrated irrigation system simplifies product consultation and sales
- Full compliance with the German Supply Chain Due Diligence Act
- LECHUZA quality ensures customer satisfaction and repeat purchases

Building on our successful start in 2026 with more attractive products - the high volume of repeat orders speaks for themselves!

TRIO COLOR 30

AVAILABLE FROM: JANUARY 15, 2027

**New
Surface!**

TRIO Color 30

May vary from images shown

PRODUCT DESCRIPTION

A Silk-Matt Finish for the TRIO Vegetable Planter

The Color trend continues throughout the range, complementing the already established TRIO Cottage and TRIO Stone variants with a new silk-matt finish that blends seamlessly into the existing Color series. The planter impresses as a versatile solution for gardens, patios, and balconies and is also ideal for use as a room divider. TRIO Color is equipped with three removable plant liners that can be planted individually.

Matching pedestals and trellises are available to expand the range of applications, making the product particularly attractive for vegetable plants, herbs, and climbing plants. The integrated irrigation system with drain plug ensures even water distribution and makes plant care easier. Available in four colors.

Quality Made in Germany.

PRODUCT BENEFITS

- Vegetable planter with a satin-matte finish
- Fits perfectly into the Color series
- Includes the original LECHUZA irrigation system
- Features 3 removable liners for individual planting
- High-quality plastic: shatterproof and weather-resistant
- Wide range of accessories available

YOUR BENEFITS

- The wide range of possible combinations with other planters encourages repeat purchases
- Popular surface increases product range expertise
- Integrated irrigation system simplifies product consultation and sales
- LECHUZA quality ensures customer satisfaction and repeat purchases
- Quality made in Germany

COASTER

AVAILABLE FROM: JANUARY 15, 2027

May vary from images shown

Coaster

PRODUCT DESCRIPTION

Versatile coasters for all planters

The two new coasters, featuring a concrete-look finish and made of sturdy steel wire, expand the LECHUZA range with two versatile solutions. Both versions are suitable for round and square planters and can be combined not only with LECHUZA planters but also with planters from other manufacturers. The concrete-look Coaster even disappears almost invisibly beneath LECHUZA planters such as the CLAS-SICO. The sturdy design ensures stability and offers a load capacity of up to 100 kg** in some cases. The five floor-protecting casters rotate 360°, allowing for easy movement both indoors and outdoors. The concrete-look finish creates an elegant and modern aesthetic, while the wire construction lends an industrial and structurally stable appearance. The new plant rollers make it easier to transport plants to any location, making them ideal for cross-selling in the houseplant and garden sectors.

PRODUCT BENEFITS

- Universal Coasters for all planters
- Available in a high-quality concrete finish or made of wire
- Sturdy and dimensionally stable construction for a secure footing
- Quiet, floor-friendly casters that rotate 360°
- For indoor and outdoor use

YOUR BENEFITS

- Product line expansion compatible with products beyond the LECHUZA range
- Attractive cross-selling opportunity
- Universal fit reduces the need for consultation

** For maximum load capacity, see technical data.
